Mr. Merrill S. Hohman, Director
Waste Management Division
United States Environmental Protection Agency
Region I
John F. Kennedy Federal Building
Boston, MA 02203-2211

SDMS DocID 559384

Dear Mr. Hohman

The request from the United States Environmental Protection Agency was sent to Dondero Junior High School, Portsmouth, New Hampshire. We do not have a Dondero Junior High School. We have a Dondero Elementary School, which was destroyed by fire on February 24, 1973.

Mick Construction Company (Knights Pond Road, South Berwick, Maine) was contracted to perform the demolition of the burned out school and remove the waste material. I personally have no idea where the material was dumped.

Schools in New Hampshire are built, or in this case rebuilt, by what is known as a joint building committee. Half the members of this committee are appointed by the Mayor of the City and the other half by the Chairperson of the School Board. They have the responsibility for completing whatever tasks the City or School Board gives them. In this case it was the rebuilding of the Dondero School.

I hope this information is helpful to you in your review of the Coakley landfill in North Hampton. Please contact me if other information is needed.

Yours truly

[Handwritten signature of Timothy F. Monahan]

Timothy F. Monahan
